Ongoing payment arrangements will be subject to operational requirements as mentioned before but will be addressed via ongoing communication. It is suggested that all staff consider the various scenarios and plan their household budgets and expenses conservatively during these uncertain times.

Options, such as the taking of accrued leave, will obviously be made available to staff where appropriate. Please let us know should you wish to take up this opportunity.

We will also be keeping Centrelink, other authorities and union representatives updated about developments and provide assistance where necessary.

We wish to also remind you that you can contact the Somerville switchboard number (03) 5971 1105) to assist you with queries. A counselling referral service is also available upon request via switchboard. If you do have serious financial hardship and you are able to let us know, we will see if there is anything that we might be able to do to assist.

I would also like to ask that you use this and similar ongoing Company communications as your only source of information to prevent speculation based on unsubstantiated rumours.

Thank you for your understanding and your co-operation with the challenges ahead.
